

SmartHealth 24/7

SmartHealth 24/7

SmartHealth will make it easy for many health care specialties like family practice, mental health and physical therapy to offer patients a secure telehealth experience.

About SmartHealth 24/7

A telehealth application that provides easy and accessible healthcare services and connect patients with available doctors at anytime and anywhere which allows for on-demand, in-home appointments, get advice and reviews from healthcare professionals quickly.

Virtual Contact

The virtual reality assistant will help them stay connected with each other when required.

Storing Medical Records

The medical history of the patient can be stored in the app in the form of health records.

Effortless Bookings

Doctors can be chosen based on specialization, availability, and reviews.

Matching Made Easier

A suitable match is offered to the patient to satisfy them completely.

Why Choose Us For Healthcare Services

There are several factors that make the doctor booking app the right choice to offer healthcare services to users. A few influencing factors include:

Easy Operation

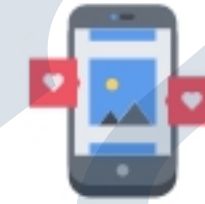

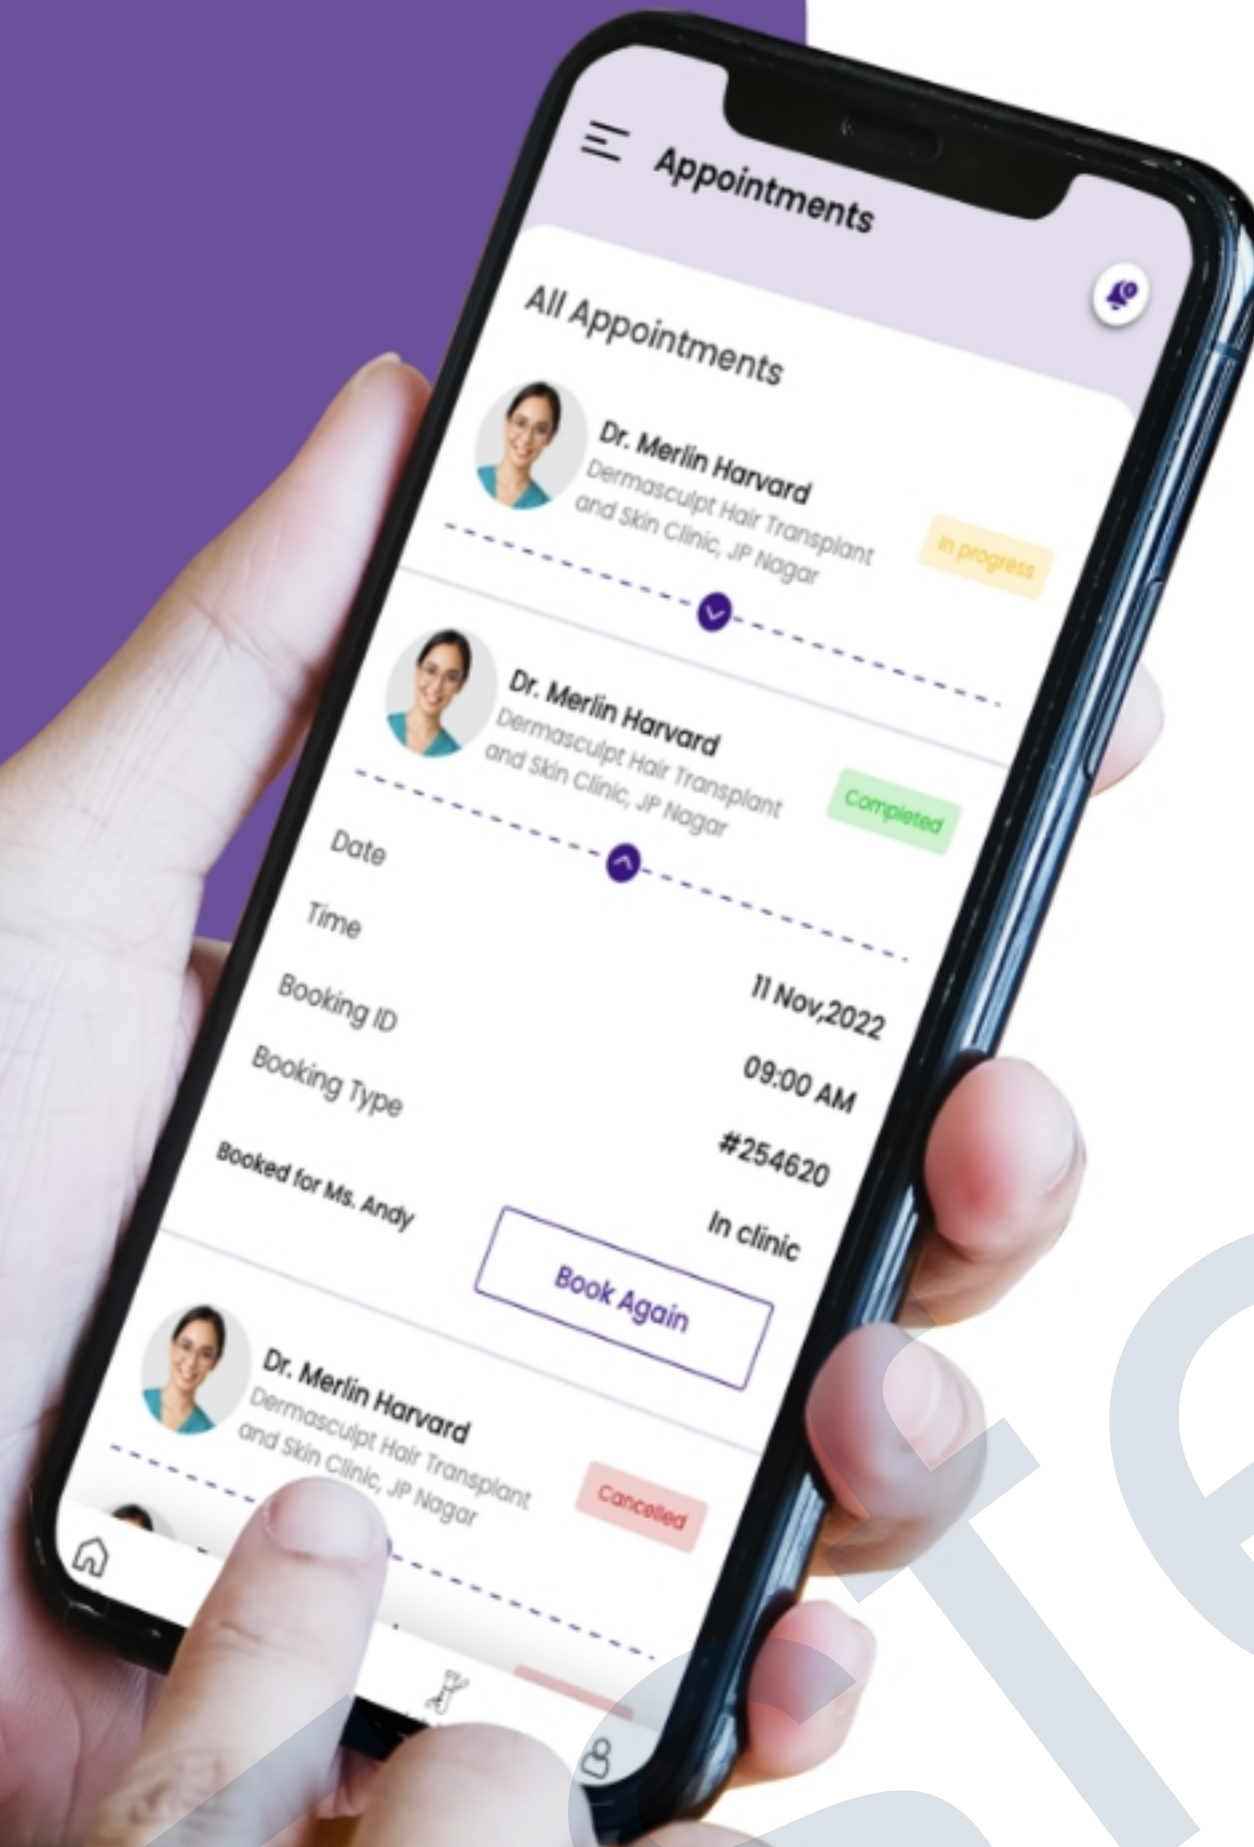

The app is highly user-friendly and easy to navigate through. The options can be found effortlessly, and various search filters are available to find the right doctor.

Customized Service

Patients/users can now avail personalized medical services by a doctor who specializes in that particular category of healthcare service.

Effortless Scheduling and Quality Service

Doctor appointments can be scheduled quickly with the SmartHealth 24/7 app. The patients will receive the best healthcare services from the best medical specialists.

Benefits For The Healthcare Service Business Owners

Customizable

The on-demand doctor appointment scheduling app can be personalized according to the business needs of the client.

Build Your Server

The app we build for you can be deployed on your own server, or we can deploy it on our server as well.

Integration of Payment Gateways

Various secure payment gateways will be integrated into the app by our team of skilled developers.

Reach a Larger Crowd

With the help of the doctor booking app, you can reach more users within a short span.
